EXPERIENCE

U.S. Navy Recruiter

December 2022 - June 2024

Navy Talent Acquisition Group Philadelphia

- Successfully recruited and processed dozens of civilians into the U.S. Navy for future service.
- Conducted over 100 interviews to evaluate candidates on their suitability for Navy positions.
- Analyzed local and national recruitment data to develop successful recruitment techniques and lead generation.

Electrical Division Leading Petty Officer

August 2021 – December 2022

U.S. Navy, Groton, CT

- Supervised 10 employees through multiple submarine maintenance and operational periods.
- Facilitated the generation of multiple maintenance troubleshooting procedures to ensure successful repair of over 10 pieces of faulty equipment.
- Organized and scheduled preventive and corrective maintenance for over 100 pieces of electrical equipment on board submarines.
- Developed, organized, and conducted training for over 50 people in the engineering department.

Engineering Watch Supervisor

December 2021 – June 2024

U.S. Navy, Groton, CT

- Supervised maintenance and operations of submarine nuclear reactor start-ups and shutdowns as well as at power operations.

Shutdown Reactor Operator

January 2019 – December 2022

U.S. Navy, Groton, CT

- Supervised maintenance and operations of submarine nuclear reactors while in a shutdown condition.
